Professional Summary

Passionate software developer with hands-on experience in desktop application development, Android application development, and networking. Skilled in C, C++, C#, Java, Python, HTML, CSS, JavaScript, Node.js, .NET, SQL, and the MERN Stack. Experienced in developing real-time screen sharing applications using TCP/IP communication. Continuously learning modern technologies and building practical software projects to strengthen my development skills.

Education

Bachelor of Computer Applications (BCA)
Mulund College of Commerce, Mumbai
University of Mumbai

Technical Skills

- **Programming Languages:** C, C++, Java, Python, C#, JavaScript
- **Web Technologies:** HTML5, CSS3, Node.js, MERN Stack
- **Frameworks & Technologies:** .NET, Qt Framework, Android Studio
- **Database:** SQL, DBMS
- **Networking:** TCP/IP, Socket Programming
- **Tools:** Visual Studio, Visual Studio Code, Qt Creator, Android Studio, Git, GitHub

Projects

Zone Cast | Desktop Application for Android Screen Mirroring

- Developed a modern desktop application using Node.js, HTML, CSS, and JavaScript.
- Integrated the scrcpy engine to simplify Android screen mirroring.
- Designed an intuitive graphical interface for configuring bitrate and FPS.
- Implemented device detection and connection management.

Technologies: Node.js • HTML • CSS • JavaScript • ADB • scrcpy

Infinity Cast | Android Screen Sharing & Remote Control System

- Developed a custom Android screen sharing solution from scratch.
- Built an Android application to capture and stream the device screen.
- Developed a Windows desktop application using Qt Creator to receive and display the stream.
- Implemented TCP/IP socket communication for real-time data transmission.
- Enabled remote control functionality with low-latency performance.

Technologies: C++ • Qt Creator • Java • Android Studio • TCP/IP • Socket Programming

Soft Skills & Languages

- **Soft Skills:** Problem Solving, Teamwork, Communication, Adaptability, Quick Learner
- **Languages:** English, Hindi, Marathi

Career Objective

Seeking a Software Developer, Full-Stack Developer, or Desktop Application Developer internship where I can apply my programming knowledge, continue learning modern technologies, and contribute to real-world software projects.
